We had a wonderful July 4th celebration. Special thanks goes out to Neil Norden and Jackie Lais for all their tireless work getting this outstanding event setup! A special thanks goes out to the Tampa Bay Water Ski Show Team for an awesome performance again this year! We would also like to thank Burger Monger for their wonderful donation and

participation in our great event, as well as Whaley's for the incredible barbecue. It was an awesome event and I hope you all came out and really enjoyed it! Have a wonderful summer!

Red, White, and You

by Maria Larcomb, Caroler Journalist

Year in and year out, Original Carrollwood's Fourth of July festivities never fail to celebrate and honor America's long-treasured independence. As children and adults of all ages gathered at the start of the annual parade, their

eyes glistened with a certain unwavering joy. Dressed in patriotic hues, riding bicycles dripping with streamers, and cruising down McFarland Road in decorated vehicles, Original Carrollwood residents put their pride for the United States on full display. However, it was not only residents who harbored this patriotic spirit. Friends and relatives also came out and joined in the celebration;

they helped line the route with friendly cheers as parade goes battled the heat. Though the sun shone strong overhead, it could not compare to the brightness of the smiling faces of neighbors greeting one another on such an important holiday.

Upon arriving at the end of the parade at White Sands beach, residents were greeted with cool refreshments (courtesy of Sparkling Ice) as they

(continued on Page 14)

by Mark Snellgrove, CRD President

This being an election year, the month of June was the time to file and qualify to serve on the CRD Board. This is done with the Hillsborough County Supervisor of Elections Office in downtown Tampa. As with other communities throughout Hillsborough County, each person had to pay a \$25 fee (or collect the signatures of 25 registered CRD voters), in addition to filing financial disclosures annually with the State while serving on the Board.

There are nine positions on the CRD Board, and as indicated below (snapshot from the Hillsborough County Supervisor of Elections website), eight OC residents have qualified. So, these eight will automatically become elected

at the November General Election, with the ninth position to be appointed at the December CRD Board Meeting. This process of filing with the Hillsborough County Supervisor of Elections Office has existed since the State Legislature created the CRD back in the early 1970's. Although, for a long period of time, this process had not been followed. This information is posted online for the next five months leading up to the November General Election, just as it was for the 2012 Election.

For more information, visit the Hillsborough County Supervisor of Elections website at: www.votehillsborough.org

This Fall: New Boat Decals and Keys

by: Kevin Shidler, White Sands Beach Chairman

The CRD Board has decided to wait until after Labor Day weekend to issue new boat decals and keys to the boat ramp at White Sands Beach. If you apply and pay between September 7 and October 31, you will be issued the new key and decal at the time of your application (Note: for those who are already on file with the CRD). After Halloween, it will be by appointment only (allow up to two weeks) for your appointment. The cost will be \$45, with additional decals costing \$5 each for families with multiple vessels. Checks or cash only, made payable to the C.R.D.

In short, get your new decal and key by Halloween.

Note: Applications will not be accepted until Wednesday, September 7.

3003 Sabal Road Bruce and Dianne Bouvier

by Bruce Bouvier

My wife, Dianne, and I moved from our Lutz house into our home on Sabal Road in 1996. There are so many pleasures to enjoy here in Original Carrollwood. The lake, the beach, the parks, the tennis courts and the rec center are enjoyed by all of us; but our home is our private sanctuary that offers us even more to enjoy in Original Carrollwood. We are avid golfers, (Note: I said avid not good), and when we are not honing our skills on the links or working our part time jobs, you will find us spending a good deal of time when we're home on our patio and in our back yard. We are constantly being entertained by visits to our bird feeders by woodpeckers, titmice, thrushes, blue jays, cardinals and chickadees. Squirrels love our beautiful oak trees and find their constant source of water in our bird bath. In return, they amuse us daily with their frolicking and never ending energy. Especially Stubbs, the little guy that somewhere along the line lost most of his tail. Hence the name. Life's journey challenges all of us to make important decisions.

Our decision to move to Original Carrollwood was by far one of our best. 🙄

Carrollwood Elementary Downgraded

by CRD Board of Trustees

The Carrollwood Recreation District has invited Ms. Melanie Bottini to attend our Board Meeting at the Recreation Center on Monday, August 8, at 6:30 p.m. The reason for this request is to allow Ms. Bottini to directly address the issue of the recent downgrade of Carrollwood Elementary School from an "A" school to a "C" school. We have asked her to explain the causes of the downgrade, present her strategy to reverse it, and address any questions from our residents. If this issue is important to you, please be sure to attend this meeting. The meeting will start at 6:30 p.m., but we will complete our regular agenda first and expect this issue to be addressed at approximately 6:45 p.m.

SELLING THE GREATER TAMPA BAY AREA SINCE 1979

Member  LEADING REAL ESTATE COMPANIES OF THE WORLD Original Carrollwood Resident

August + Travel = Historic St. AUGUSTine

by Claire A. Modarelli
Cruise and Europe Specialist & Original
Carrollwood Resident

As school is about to resume, long vacations are in the rearview mirror for families with K-12 age kids. Only a three-hour drive from the Carrollwood Rec Center, St. Augustine offers a manageable, affordable weekend destination for all.

August 28, 1565, the Feast Day of St. Augustine, was the day Don Pedro Menendez de Aviles, arrived off the coast of Florida, sent there by King Phillip II of Spain to explore and colonize the territory. He and his team of 600 soldiers and settlers came ashore at the site of a Timucuan Indian Village and named it St. Augustine.

But let's give credit to Ponce DeLeon who never searched for the Fountain of Youth. He left his governorship of Puerto Rico in 1511 seeking Bimini and landed instead in Florida where he staked a claim for the Spanish Crown, not the fabled wellspring thought to ensure long life.

Thus, St. Augustine was founded 55 years before the Pilgrims landed on Plymouth Rock in Massachusetts and 42 years before the English colony at Jamestown, Virginia, making it the oldest permanent European settlement on the North American continent.

In the 1800's St. Augustine began its renaissance with the arrival of Henry Flagler. The railroad tycoon who constructed several glorious hotels including the Flagler

Hotel (now Flagler College), the Alcazar Hotel (now the Lightner Museum) and the Casa Monica (recently restored and returned to its roots as a beautiful hotel). More moderate accommodations abound with charming bed and breakfast inns near the historic district, national chains such as Days Inn, Best Western and Marriott Courtyard, and oceanfront hotels line the beach which is a stop on the Old

Town Trolley. A three-day pass (\$23 for adults and \$9 for children 6-12) will take you to the main attractions. The Colonial Quarter Museum, Old Jail, Oldest Store Museum, St. Augustine History Museum, Oldest Wooden Schoolhouse. "Old" is the buzzword here and you can find detailed information on the city's website aptly named: www.oldcity.com.

Take a horse-drawn carriage ride or stroll from one fascinating venue to another, hunt through antiques shops, browse art galleries, find the perfect curio along St. George Street and slip into an 18th-century styled British pub, the Bull and Crown Publick House, to dine on authentic fare. Or visit the Taberna del Caballo, an 18th-century styled tavern for light tapas, cold beverages and an intimate atmosphere you won't find anywhere else.

"Beach shack" bites can be found at bayside or oceanfront restaurants or savor haute cuisine in some of the city's opulent dining rooms. For beach lovers, Atlantic beaches offer swimming and surfing on waves our Gulf does not provide. A golfer's dream, great golf courses are scattered throughout the area, including Sawgrass, host of the PGA Players Championship, the Ponce de Leon Golf Course, the oldest in Florida, and the nearby World Golf Village Hall of Fame is worth a stop on the way home.

The St. Paul Parish Council of Catholic Women was planning a day trip but soon realized there is so much in St. Augustine to enjoy, it deserves at least one-to-two overnights. From Spanish Colonization to British rule to Statehood, St. Augustine's long history and varied cultural influences define this unique city. Don't leave without having a cup of water from that famous Fountain!

Original Carrollwood, *We did it again!*

Thank for a record turnout in this record heat! Jake with Burger Monger and Whaley's BBQ outdid themselves, as they always do. A HUGE thanks for all the delicious food they served. The incredible Tampa Bay Water Ski Show Team made the day perfect, thank you Steven Saconi! The Barefoot skiing skit was hysterical and the Helicopter flyover from our City's finest, Hillsborough County Sheriff's Department, was the perfect start to the Ski Show.

Back to School!

by Maria Larcomb, Caroler Journalist

With back-to-school just around the corner, August can prove to be a stressful month for some as they scramble to ready their children for a new school year. From relishing the final days of break to buying school supplies, every minute of this month seems to fly by with incredible speed. However, as we scramble around preparing our families for the new academic year, it is also important to remember those families who are less fortunate. Buying back to school supplies can prove to be an issue of great stress for lower-income families as the list of required materials is often long and costly. However, the Salvation Army has decided to put an end to this stressor, and you can help too! The Salvation Army, hosting its annual Back to School Drive, will be collecting various school supplies, in addition to donations, to distribute to children in need. Collection bins have been set up at their 1603 North Florida Ave. and 1100 W. Sligh Ave. locations for any generously donated items. By contributing to this notable cause, we can help support the children of our community with the tools needed to pave the way to a bright and successful future!

Below is a list of highly needed items and supplies:

- Notebooks (wide and college rule)
- Filler Paper (wide and college rule)
- Graph Paper
 - Rulers
 - Tissues
 - Scissors
 - Binders
 - Folders
- Small Pencil Boxes
- Hand Sanitizer
- Highlighters
- Washable Markers
- #2 Pencils
- Pencil Sharpeners
- Large Pink Erasers
- Colored Pencils
- Pens
- Glue Sticks
 - Ruled index cards
 - Crayons – 24 count boxes

Congratulations Robin!

Robin Beekmann

Robin Beekmann graduated from Florida State University with a Bachelor of Science in Economics and a minor in Business. He was placed on the Dean's list as well as the President's list. He was an active member within the FSU Community and will be continuing his graduate studies at Florida State in

the Fall. Robin is the son of Roger and Sandra, and brother of Marvin, residing on Reclinata Lane. Go Noles!!

Memories of Muriel

by Roxanne Clapp, Editor

The Haviland family was the first family to move to Original Carrollwood. They purchased their home on December 23, 1959. Although 'Happy' passed away in 1975, Muriel Veronica Haviland lived in their home on Korina Lane until her death, July 4. She was 102 years

Muriel was preceded in death by her husband, Harold Haviland, three sons, William, David, and James Haviland, two daughters, Patricia Trigg and Kathleen Reiss, and

In front of their home on Korina Lane in Original Carrollwood, 1959. Muriel is standing in the back with her aunt and children.

one grandchild, Tommy Myers. Survivors include two daughters, Dorothy Haviland (Bobby Hughes) of Tampa and Maureen Myers (Gary) of Odessa, 14 grandchildren, 20 great-grandchildren, and two great-great grandchildren. The family would like to thank Dr. Fred Rabow and his staff for all the care and support they gave the family and for keeping their mother alive all these years. We'd also like to thank Dr. Karina Billiris-Findlay and her staff for saving her sight and allowing her to see for the last 10 years.

Muriel's secret to her long and happy life was her "faith in God" as she told me a couple years ago at her 100th birthday.

Services were held July 7, 2016, and burial was July 8, 2016. Muriel was such sweet lady, she will be missed by many!

Muriel Haviland

old. "That's quite a remarkable occurrence." says Mickey Jaap, CRD Vice President.

Muriel was honored for being the first and longest residing homeowner in Original Carrollwood at the Original Carrollwood 50th Anniversary party in July, 2009, a three-day extravaganza that attracted over 3,000 people from Original Carrollwood.

When Muriel moved to Original Carrollwood, it was dark and quiet place. The city lights had not yet appeared and you could see many stars over the lake in the night sky. Peacocks were the only sounds to be heard until the sounds of construction crews starting booming. Time marched on and the neighborhood soon grew to be one of the best-known and best-loved communities in the Tampa area. Muriel loved it because she felt safe and she appreciated the care that went into building the homes. She only had to change her roof once in her 52 years!

1959 Korina Lane

October is Going to be PINKALICIOUS!

Come out on Oct 9th to help us celebrate the month of October with the color of **PINKALICIOUS**. If the NFL football players can pull it off, then for sure runners/walkers can do it too. We will celebrate the color of Breast Cancer Awareness with a Hug Post Race Party sponsored by BRASS TAP with beer and food for all participants, and a special raffle for those who wear all **PINK**.

The event will be a 5K (single loop) or a 10K (double loop) throughout Carrollwood. In order for the neighborhood to love this event, we are offering a \$5 discount for all those who live in Carrollwood. But wait, for those who do not wish to run/walk in the event, the BRASS TAP is going to present gift certificates to the house that has the best decorations for the runners/walkers. Also, for those who want to volunteer at a water stop, the BRASS TAP will be presenting gift certificates to the best water stop. These houses and water stops will be voted on by the runners/walkers of the event. So come out and cheer on your neighbors and all those dressed in **PINK!**

To register, go to www.raceroster.com and search for Brass Tap 10K & 5K. Enter coupon code - Neighbor - to get your discount. 🇺🇸

Red, White, and You

socialized with friends both new and old. Residents were given the opportunity to savor some delicious all-American food from generous local vendors (a big thank you to Whaley's BBQ and Burger Monger!). After securing a spot to sit or stand, everyone turned their heads toward the awards ceremony where awards were given to the most patriotic individuals and families. Then, after locating loved ones and gathering children in arms, Original Carrollwood was blessed to witness the talents of the Tampa Bay Water Ski Team as they glided across the sleek surface of Lake Carroll. Their spectacular display showcased incredible and gravity-defying stunts on skis, wakeboards, and various other equipment. As the skiers flew through the air and preformed impressive moves above the sparkling water, the crowd cheered loudly and clapped with genuine enthusiasm.

Due to the hard work and time sacrificed by the Carrollwood Community Association, donators, and

countless volunteers, this wonderful event is made possible yearly. The success of this celebration is also dependent on you and your families. Your individual presence, participation, and patriotism show support to our country and its belief in freedom. America is not government leaders and big associations; America is each one of us. America is you. God Bless the USA!

A while back we discussed the 4-Point inspection that is now required by most insurers prior to issuing insurance. But there are some general issues which affect all of us in our Original Carrollwood homes. These are not necessarily required by the insurers but almost certainly will be required repairs by your buyers.

Dryer venting is a serious problem with many homes in Carrollwood. Many of you have dryers that are vented into the attic. That doesn't seem like a bad idea until you evaluate the lint that comes out with the air. Yes, our dryers have lint catchers but some lint can still escape and when it gets into the attic, it becomes a serious fire hazard. Unlike your insulation, which should be protected against fire, lint is very volatile and will burn very fast. You may want to check this out the next time you are in your attic.

Moisture leaks or sweating around pipes often causes damage to drywalls and sometimes leads to black mold intrusion which requires cutting out and replacing drywall. This can usually be prevented with various types of wraps around the sweating pipes. If mold is evident, it won't just go away, so fixing the source of the mold is important and removing it is just as important.

Garage doors should have safety features to prevent injury. For example, when the door closes, the force should be light enough that it will reverse itself if it comes in contact with a foreign object such as a child on a bike. A good way to check for this is to stand outside of your garage and start closure of the door. Sticking your arm across the path of the door should stop and reverse the door direction when it comes in contact with your arm's resistance. There should also be electronic eyes on the floor that cause the door to reverse if the light stream is broken.

These are just a couple of items that will require repair after an inspection and before the closing will take place.
